	Signal word Danger
Hazard statements	Signal Word Danger
H317	May cause an allergic skin reaction.
H341	
H351	Suspected of causing cancer.
H411	Toxic to aquatic life with long lasting effects.
Precautionary statements Prevention	
P201	Obtain special instructions before use.
P202	
	been read and understood.
P261	Avoid breathing fumes.
P272	Contaminated work clothing must not be allowed
	out of the workplace.
P280	Wear protective gloves/eye protection/face protection.
Response	protocoloria
P308+P313	If exposed or concerned: Get medical
Matura	advice/attention
P302+P352	If on skin: Wash with plenty of soap and water.
AC P333+P313	If skin irritation or rash occurs: Get medical
NOT COL LOD	advice/attention.
P363	Wash contaminated clothing before reuse.
Storage	
	Store locked up.
Disposal	
P501	Dispose of contents/container in accordance with
Other herende which de net result	local/regional/national/international regulations.
Other hazards which do not result in classification	After prolonged contact with highly porous materials, this product may spontaneously
	materials, this product may spontaneously combust.
3. Composition/information on ingre	
<u>Chemical identity</u>	
Chemical name	Litsea Cubeba Oil.
	May Chang all

Impurities and stablizing additives	No data available.
which are themselves classified and which contribute to the	
classification of the substance	
4. First-aid measures	
Description of necessary measures	
Inhalation	Supply fresh air, consult doctor in case of complaints.
Skin contact	Immediately wash with water and soap and rinse
	throughly. If skin irritation or rash occurs: Get medical advice/attention.
Eye contact	Remove contact lenses, if present and easy to do.
	Rinse opened eye for several minutes under
	running water. If symptoms persistm consult a doctor.
Ingestion	Rinse out mouth and then drink plenty of water. Do
ingestion	not induce vomiting; immediately call for medical
	help.
Most important symptoms/effects	Allergic reactions Gastric or intestinal disorders
	when ingested. Slight irritant effect on skin and
Nature	mucous membranes. Slight irritant effect on eyes
Indication of immediate medical	Contains Star anise oil. May produce an allergic
attention and speacial treatment needed, if necessary	reaction. Treat skin and mucous membrane with antihistamine and corticoid preparations.
5. Fire-fighting measures	
Suitable and unsuitable extinguishing	g media
Suitable extinguishing media	Foam Fire-extinguishing powder Carbon dioxide
	Gaseous extinguishing agents, water fog/haze.
Unsuitable extinguishing media	Water spray, water stream.
Specific hazards arising from the chemical	Formation of toxic gases is possible during heating or in case of fire
Special protective equipment and	Wear self-contained respiratory protective device.
precautions for fire-fighters	Wear fully protective suit.
6. Accidental release measures	
Personal precautions, protective	Ensure adequate ventilation. Keep away from
equipment and emergency	ignition sources. Wear protective equipment. Keep
procedures unprotected people away. For large sp	
	respiratory protective device against the effects of fumes/dust/aerosol.

Flash point Auto-ignition temperature Decomposition temperature pH Kinematic viscosity Solubility Partition coefficient: n- octanol/water (log value) Vapour pressure Density and/or relative density	71°C No data available. No data available. No data available. Soluble in alcohol. No data available. No data available. 0.870 to 0.900 (20 °C)
Relative vapour density	No data available.
Particle characteristics	No data available.
10. Stability and reactivity	The product is stable and per reactive under
Reactivity Chemical stability Possibility of hazardouse reactions	The product is stable and non-reactive under normal conditions of use, storage and transport. Material is stable under normal conditions. No dangerous reaction known under conditions of
Conditions to avoid	normal use. Avoid heat, sparks, open flames and other ignition sources. Avoid temperatures exceeding the flash point. Contact with incompatible materials.
Incompatible materials	PVC
Hazardous decomposition	No hazardous decomposition products if stored
products.	and handled as indicated.
11. Toxicological information	TVINCOFOLINITO
Information of the likely routes of ex Inhalation	posure No data available.
Skin Contact	No data available.
Eye Contact	No data available.
Ingestion	Causes irritation.
Symptoms related to the physical, chemical and toxicological characteristics	No data available.
Delayed and immeditate effects and also chronic effects from short- and long-term exposure	No data available.
Numerical measures of toxicity	No data available.
12. Ecological information	
Ecotoxicity Persistence and degradability Bioaccumulative potential Mobility in soil	Toxic to aquatic life with long lasting effects. No data available. No data available. No data available.

SAFETY DATA SHEET

Chi Long, Ngoc Long, Yen My, Hung Yen, Vietnam W: www.asi-vn.com | E: info@asi-vn.com | M: +84 336 566 427

Other adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.
13. Diposal considerations	
Disposal instructions	Do not discharge into drainage systems or watercourses. Waste should be recycled or disposed of according to the legislation in force, preferably by an approved recycling or waste treatment company. Do not pollute the soil or water; do not dispose of waste in the environment. Empty containers completely. Do not remove labels. Use an approved waste disposal company.
Local disposal regulations	Dispose in accordance with all applicable regulations.
Hazardous waste code Waste from residues/ unused products	Not established. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).
Contaminated packaging	Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is empty
14. Transport information

15. Regulatory information	
-	EU: This safety datasheet complies with the requirement of Regulation (EC) No. 1997/2006
Other regulations	This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.
Chemical safety assessment	For this product a chemical safety assessment was not carried out.

16. Other information

This Safety Data Sheet (SDS) is for guidance and is based upon information and tests believed to be reliable. Asia Specialty Ingredients Joint Stock Company makes no guarantee of the accuracy or completeness of the data and shall not be liable for any damages relating thereto. The data is offered solely for your consideration, investigation, and verification. The data should not be confused with local, state, federal or insurance mandates, regulations, or requirements and CONSTITUTE NO WARRANTY. Any use of this data and information must be determined by the science instructor to be in accordance with applicable local, state or federal laws and regulations. The conditions or methods of handling, storage, use and disposal of the product(s) described are beyond the control of Asia Specialty Ingredients JSC and may be beyond our knowledge. FOR THIS AND OTHER REASONS, WE DO NOT ASSUME RESPONSIBILITY AND EXPRESSLY DISCLAIM LIABILITY FOR LOSS, DAMAGE OR EXPENSE ARISING OUT OF OR IN ANY WAY CONNECTED WITH THE HANDLING, STORAGE, USE OR DISPOSAL OF THIS PRODUCT(S).
