SAFETY DATA SHEET

lssue date Revision number	: March 01, 202 : 1	24	Revision date Printed date	: July 01, 2024 : July 01, 2024		
1. Identification of t	1. Identification of the substance and of the supplier					
GHS product identifier						
Product name:		LITSEA CU				
Other means of ider	ntification	LITSEA CU				
CAS Number		68855-99-2	2			
EC Number		290-018-7				
FEMA Number		3846				
Recommended use of the chemical and restrictions on use						
Recommended use		Essential oils.				
Restrictions on use		No data ava	illable.			
Supplier's details			h le que di custo le in	at Staal, Commany		
Company name Address		Asia Specialty Ingredients Joint Stock Company Chi Long Village, Ngoc Long Commune, Yen My				
Audress		-	ng Yen Province, V			
Telephone		+84 2213 5		lethalli		
Website		www.asi-vr				
Email		info@asi-vn				
Emergency phone n	umber	+84 986 38				
2. Hazards identification						
GHS classification o	f the substance	For V	our Life			
Physical hazards	nature	Flammable	liquids	Category 4		
Health hazards	A SPECIA	Skin sensiti		Category 2		
			nutagenicity	Category 2		
		Carcinogen	•	Category 2		
Environmental haza	rds	Hazardous environmer	to the aquatic Ital	Category 2		
GHS label elements		Pictogram

	XL/
	Signal word Warning
Hazard statements	NA II I I I
	May cause an allergic skin reaction.
H341 H351	1 88
H411	Suspected of causing cancer. Toxic to aquatic life with long lasting effects.
Precautionary statements	Toxic to aquatic life with long lasting effects.
Prevention	
	Obtain special instructions before use.
	Do not handle until all safety precautions have
	been read and understood.
P261	Avoid breathing fumes.
P272	Contaminated work clothing must not be allowed
	out of the workplace.
P280	Wear protective gloves/eye protection/face
_	protection.
Response	
	If exposed or concerned: Get medical
P302+P352	advice/attention If on skin: Wash with plenty of soap and water.
ASIA P333+P313	i , i
ASIA SPECIA	advice/attention.
P363	Wash contaminated clothing before reuse.
Storage	
P405	Store locked up.
Disposal	
P501	Dispose of contents/container in accordance with
	local/regional/national/international regulations.
Other hazards which do not result	After prolonged contact with highly porous
in classification	materials, this product may spontaneously
2 Composition /information on ingr	combust.
3. Composition/information on ingre	
Chemical name	Litsea Cubeba Oil.
Common name, synonym, etc.	No data available.
Formula	No data available.

No data available.

Molecular weight

CAS number and other unique identifiers			
CAS Number	68855-99-2		
EC Number	290-018-7		
FEMA Number	3846		
Impurities and stablizing additives	No data available.		
which are themselves classified and			
which contribute to the			
classification of the substance			
4. First-aid measures			
Description of necessary measures			
Inhalation	Supply fresh air, consult doctor in case of complaints.		
Skin contact	Immediately wash with water and soap and rinse		
	throughly. If skin irritation or rash occurs: Get		
	medical advice/attention.		
Eye contact	Remove contact lenses, if present and easy to do.		
	Rinse opened eye for several minutes under		
	running water. If symptoms persistm consult a doctor.		
Ingestion	Rinse out mouth and then drink plenty of water. Do		
ingestion	not induce vomiting; immediately call for medical		
	help.		
Most important symptoms/effects	Allergic reactions Gastric or intestinal disorders		
	when ingested. Slight irritant effect on skin and		
Nature	mucous membranes. Slight irritant effect on eyes		
Indication of immediate medical	Contains Star anise oil. May produce an allergic		
attention and speacial treatment	reaction. Treat skin and mucous membrane with		
needed, if necessary	antihistamine and corticoid preparations.		
5. Fire-fighting measures			
Suitable and unsuitable extinguishing			
Suitable extinguishing media	Foam Fire-extinguishing powder Carbon dioxide		
Unsuitable extinguishing media	Gaseous extinguishing agents, water fog/haze. Water spray, water stream.		
Specific hazards arising from the	Formation of toxic gases is possible during heating		
chemical	or in case of fire		
Special protective equipment and	Wear self-contained respiratory protective device.		
precautions for fire-fighters	Wear fully protective suit.		
6. Accidental release measures			
Personal precautions, protective	Ensure adequate ventilation. Keep away from		
equipment and emergency	ignition sources. Wear protective equipment. Keep		
procedures	unprotected people away. For large spills, use		
	respiratory protective device against the effects of		
	fumes/dust/aerosol.		

Environmental precautions Methods and materials for containment and cleaning up	Do not allow to enter sewers/ surface or ground water. Inform respective authorities in case of seepage into water course or sewage. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Send for recovery or disposal in suitable receptacle.			
7. Handling and storage				
Precautions for safe handling	Avoid splashes or spray in enclosed areas. Use only in well ventilated areas. Keep out of reach of children.			
Conditions for safe storage, including any compatibilities	Store in cool, dry conditions in well sealed receptacles. Avoid storage near extreme heat, ignition sources or open flames. Store away from foodstuffs. Store away from oxidizing agents			
8. Exposure controls/personal prote	ction			
Control parameters				
Occupational exposure limits	This substance has no PEL, TLV, or other recommended exposure limits.			
Biological limit values	No biological exposure limits noted for the ingredient(s).			
Appropriate engineering controls Individual protection measures	No data available.			
Eye/face protection	Avoid contact with eyes.			
Hand skin protection	Chemical resistant gloves.			
Other skin protection Nature	Use of an impervious apron is recommended.			
Respiratory protection SPECIA	Not generally necessary if the area is well ventilated (unless otherwise indicated).			
Thermal hazards	Wear appropriate thermal protective clothing, when necessary.			
General hygiene considerations	When using do not smoke. Always observe good			
	personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.			
9. Physical and chemical properties				
Physical state	Liquid.			
Colour	Colourless to pale yellow to dark yellow.			
Odour	Fresh, lemon-like, citral-like.			
Melting point/freezing point	No data available.			
Boiling point	No data available.			
Flammability	No data available.			
Lower and upper explosion limit/flamability limit	No data available.			

Flash point Auto-ignition temperature Decomposition temperature pH Kinematic viscosity Solubility Partition coefficient: n- octanol/water (log value) Vapour pressure Density and/or relative density	71°C No data available. No data available. No data available. Soluble in alcohol. No data available. No data available.
Relative vapour density Particle characteristics	No data available. No data available.
10. Stability and reactivity	NO data available.
Reactivity	The product is stable and non-reactive under
Chemical stability Possibility of hazardouse reactions Conditions to avoid	normal conditions of use, storage and transport. Material is stable under normal conditions. No dangerous reaction known under conditions of normal use. Avoid heat, sparks, open flames and other ignition sources. Avoid temperatures exceeding the flash
Incompatible materials	point. Contact with incompatible materials. PVC
Hazardous decomposition	No hazardous decomposition products if stored
products.	and handled as indicated.
11. Toxicological information	
Information of the likely routes of ex Inhalation Skin Contact Eye Contact Ingestion Symptoms related to the physical, chemical and toxicological characteristics Delayed and immeditate effects and also chronic effects from short- and long-term exposure	No data available. No data available. No data available. Causes irritation. No data available. No data available.
Numerical measures of toxicity	No data available.
12. Ecological information	
Ecotoxicity Persistence and degradability Bioaccumulative potential Mobility in soil	Toxic to aquatic life with long lasting effects. No data available. No data available. No data available.

Other adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.
13. Diposal considerations	
Disposal instructions	Do not discharge into drainage systems or watercourses. Waste should be recycled or disposed of according to the legislation in force, preferably by an approved recycling or waste treatment company. Do not pollute the soil or water; do not dispose of waste in the environment. Empty containers completely. Do not remove labels. Use an approved waste disposal company.
Local disposal regulations	Dispose in accordance with all applicable regulations.
Hazardous waste code Waste from residues/ unused products	Not established. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).
Contaminated packaging	Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is empty
14. Transport information	
UN number ASIA SPECIA UN proper shipping name Transport hazard class Packing group, if applicable Environmental hazards Transport in bulk according to IMO instruments	Not classified. REDIENTS Not classified. Not classified. Not classified. Not classified. No data available.
Special precautions	No data available.
15. Regulatory information	
Safety, health and environmental regulations/legislation specific for the substance	EU: This safety datasheet complies with the requirement of Regulation (EC) No. 1997/2006
Other regulations	This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.
Chemical safety assessment	For this product a chemical safety assessment was not carried out.

16. Other information

This Safety Data Sheet (SDS) is for guidance and is based upon information and tests believed to be reliable. Asia Specialty Ingredients Joint Stock Company makes no guarantee of the accuracy or completeness of the data and shall not be liable for any damages relating thereto. The data is offered solely for your consideration, investigation, and verification. The data should not be confused with local, state, federal or insurance mandates, regulations, or requirements and CONSTITUTE NO WARRANTY. Any use of this data and information must be determined by the science instructor to be in accordance with applicable local, state or federal laws and regulations. The conditions or methods of handling, storage, use and disposal of the product(s) described are beyond the control of Asia Specialty Ingredients JSC and may be beyond our knowledge. FOR THIS AND OTHER REASONS, WE DO NOT ASSUME RESPONSIBILITY AND EXPRESSLY DISCLAIM LIABILITY FOR LOSS, DAMAGE OR EXPENSE ARISING OUT OF OR IN ANY WAY CONNECTED WITH THE HANDLING, STORAGE, USE OR DISPOSAL OF THIS PRODUCT(S).
